Issue Date: Sunday September 7, 2008

## Welcome Back!

The Real Estate Club Executive Board would like to welcome everyone back to another great semester of Real Estate Club events! We encourage all undergrads and MBA students with an interest in Real Estate to attend this semester's meetings, which feature a variety of presentations from professionals within the industry. Also, each semester we offer members an abundance of other opportunities outside of regularly scheduled meetings, including guest lectures, alumni events, and national and local trips. Please visit our website, [www.RealEstateClub.org](http://www.RealEstateClub.org) for more information about all the great events available to REC Members.

Our first meeting on Thursday, September 11<sup>th</sup> will be free to all who attend and to become a member and attend all future events, the cost is \$50 for a semester or \$90 for the entire year.
